

Calendar Tips

Display only your rides on the Club's Calendar

1. Open the calendar and tap on the little double arrow on the top left-hand side.

2. This opens a legend showing all the rides, social events and Club activities. Deselect the days or groups you don't ride. Please leave Club activities and meetings.
3. Tap once on the grey side to return to the calendar. The rides you left selected will be shown.

Getting around our Club's Calendar

Calendar Online allows you to manage the display of the calendar.

- Select the arrow next to **List** and change the view to Month (or your preference). This works well on the full version or the Calendar Online app.
- CW42 means Current Week (#42)
- Rides are displayed in one month intervals and grouped in weeks. Change that to your own preference.

The 3 horizontal lines (top right) are the settings. You can copy ICS links to automatically have your rides shown in your own calendar. Details are on the PDF called *Importing our Calendar*.

Sunshine Coast Bicycle Club Calendar

Rider

16/10/2025 - 15/11/2025

< Today > List

Time period One month Details Group by Week
