

Calendar Tips

Adding our Club Calendar to Your Phone's Calendar

Steps for iPhone users

The steps for Google Calendar or other calendars are very similar. Just some of the wording and placement or links might be slightly different.

1. Select which riding group/s you would like to have imported into your phone or computer's calendar. Copy the relevant ICS export link (ICS links on page 2).

NB: Highlight the link and copy. Make sure you copy the whole link.

2. Open Apple Calendar on your iPhone (or whatever calendar you use).

3. Select "Calendar" at the bottom.

4. Select "Add" at the bottom left.

5. Select "New Calendar Subscription" or "Add Calendar Subscription".

6. Paste the saved ICS link and select "Subscribe".

7. Type in the riding group details and select "Add" at the top right (or wherever).

What is an ICS file?

An ICS file is a calendar file saved in a universal calendar format used by several email and calendar programs, including Microsoft Outlook, Google Calendar, and Apple Calendar. It allows members to add our club's calendar information into their personal calendars.
